

Maruti Suzuki India Ltd

MARUTI | Latest fiscal period 2024-03

56.7

HEALTH · Average

ROE	ROCE	OPM
15.8%	20.5%	13.1%
DEBT / EQUITY	REVENUE CAGR 5Y	P/E
0.0x	10.5%	20.8x

Pros

- Very high interest coverage ratio reflects negligible financial stress from debt servicing
- Return on equity improving for 3 consecutive years shows strengthening business quality
- Strong free cash flow generation over 5 years signals healthy business fundamentals
- Revenue growing slower than profits shows improving operating leverage and scale benefits

Cons

- No prescribed risk threshold fired; valuation assumptions and primary filings still require monitoring
